RE: **Infrastructure & Operations Committee Report**

The Committee held its regular meeting on February 17, 2026 in Council Chambers. The following motion is coming forward as a result of that meeting:

1. SHUBENACADIE WATER TREATMENT PLANT - GUDI MONITORING BUDGET

Staff presented a report requesting approval of additional funds to complete a Step 2 GUDI study for the most recent production well installed for the Shubenacadie Water Treatment Plant to be funded with Housing Accelerator Funds. The need is related to new requirements for environmental data to be captured within 10 km of the plant.

The Infrastructure & Operations Committee recommends *that Council approve an additional \$10,000 for the completion of GUDI Step 2 Study of the new well at the Shubenacadie Water Treatment Plant, to be funded from the Housing Accelerator Fund.*

As Chair of the Committee, I so move.

This concludes the report.
