Dear Mr. Lemal,

As per council motion C26(27), approved in January 2026, the Municipality of East Hants is writing to request that the province increase the priority and level of service of winter road maintenance for East Uniacke Road.

East Uniacke Road is a main travel route, experiencing significant volumes of both residential and commercial traffic. Increasingly emerging as a strategic importance for the region, this road warrants an adequate level of winter maintenance, which the local area residents do not believe is being achieved currently.

Your consideration on this matter would be appreciated and the Municipality of East Hants looks forward to working with your team on this item.

Sincerely,
