RE: **Infrastructure & Operations Committee Report**

The Committee held its regular meeting on March 10, 2026 in Council Chambers. The following motion is coming forward as a result of that meeting:

1. SOLID WASTE TIPPING FEE POLICY

Staff presented a report titled “Solid Waste Tipping Fee Policy - April 1, 2026 - March 31, 2027” as attached to the March 10, 2026 Executive Committee agenda. The current tipping fee schedule is set to expire March 31, 2026. Therefore, the policy required a review and updates to the rates. The schedule is 1-year to align with contracts for processing and transportation scheduled to go to market in the upcoming fiscal year.

The Infrastructure & Operations Committee recommends that *Council give notice of intent to adopt the proposed amended Solid Waste Tipping Fee Policy, with pricing schedule effective April 1, 2026 to expire March 31, 2027*”.

As Chair of the Committee, I so move.

This concludes the report.
