Re: Announcement - Steve Caines

---

## Steve Caines - Promotion

We are pleased to announce that Steve Caines has transitioned to the new role of Supervisor, Drinking Water Distribution.

Steve joined our Water and Wastewater team 10 years ago after working for the Clean Foundation for several years. Steve has a Bachelor of Science Degree and holds certifications in Water Distribution Level II, Water Treatment Level II, and Wastewater Collection Level I, as well as completing many other training courses and programs in his field. Steve has been a key member of our team on countless excavations, repairs, and special projects, and he has provided strong mentorship to newer co-workers along the way.

We're looking forward to working with Steve in his new role, congratulations Steve!
