(Delivered via email)

Dear Members,

**RE: 2026-2027 NSFM Membership Dues**

As we reflect on the past year, we are grateful for your continued commitment to the Nova Scotia Federation of Municipalities (NSFM). Your engagement and leadership remain central to strengthening our collective voice and advancing the priorities of municipalities across the province.

Together, we have made meaningful progress on issues of importance to local governments—through sustained advocacy, strong collaboration with the Province, and the delivery of valued member services and programs that support municipalities in their day-to-day operations and long-term planning.

Due to the health of the NSFM, the Board of Directors has not increased the amount of revenue collected from membership dues for the 2026-2027 Fiscal Year. While the total revenue NSFM collects from dues remains unchanged from last year, the dues formula which is based on uniform assessment may result in slight variations in individual municipal invoices. Please contact our Director of Finance, Mary Claire Lake ([mclake@nsfm.ca](mailto:mclake@nsfm.ca)) if you have any questions.

We value your ongoing partnership and look forward to another year of collaboration as we continue working together to support strong, resilient municipalities across Nova Scotia.

Thank you for your continued support of NSFM and the vital work you do in your communities.

Kind Regards,

**Mayor David Mitchell**  
President, Nova Scotia Federation of Municipalities
