Dear Mr. Parks,

As per council motion C26(224), approved in July's meeting of council, the Municipality of East Hants is writing to advocate for the identification and implementation of traffic calming measures along Alderney Drive in Enfield.

The Municipality has received concerns from the public regarding frequent speeding along this road. With the future connection of the Dorey Lane development, there will be even higher concern that speed will result in motor vehicle accidents along this provincially owned residential road.

Your consideration on this matter would be appreciated and the Municipality of East Hants looks forward to working with your team on this item and other opportunities for improvement as they arise.

Sincerely,

Jesse Hulsman, P.Eng
Director of Infrastructure & Operations
Municipality of East Hants
