Brad Parks
Area Manager, Hants
NS Department of Public Works,
PO Box 160, Windsor,
Nova Scotia, B0N 2T0

Dear Mr. Parks,

As per council motion C26(223), approved in July's meeting of council, the Municipality of East Hants is requesting a design review of the intersection of Renfrew Road and Route 14, in addition to a request for the municipality to locate a municipally owned digital speed display sign along Route 14 to the west of Renfrew Road, to support driver awareness of the S-turn risk while driving east bound.

The Municipality is aware of re-occurring motor vehicle accidents at or around this intersection, including events where vehicles have made contact with power poles. There is growing concern within the community that fatalities will be inevitable without technical design intervention at the intersection, and increasing overall driver awareness leading up to the area.

Your consideration on this matter would be appreciated and the Municipality of East Hants looks forward to working with your team on this item and other opportunities for improvement as they arise.

Sincerely,

Jesse Hulsman, P.Eng
Director of Infrastructure & Operations
Municipality of East Hants

e: John MacDonald, MLA for Hants East
