Plan Review: Public Meetings

EAST HANTS

This spring, residents shared their ideas, hopes, and priorities for future land use through community visioning meetings and surveys. Now, planning staff are coming back to share what they heard!

Join us to:

- Hear the key themes and ideas that emerged
- Learn how community feedback is shaping the conversation
- Ask questions and connect with your neighbours

Whether you joined us this spring or are just getting involved, everyone is welcome!

Come listen, learn, and continue the conversation about the future of our community. We hope to see you there!
