Re: October 20th Agenda Item re Temporary Borrowing Resolution

The October 20th Council Agenda item #3 related to a temporary borrowing resolution for $182,799. Due to an oversight on my part, a document relating to this TBR was not posted to the Council Chambers Online. This document should have been posted with the other two documents. In the interest of transparency and clarity, this document is included here and posted to the October 26th, 2026 Regular Council Chambers agenda – under "Correspondence For Information".
